

Complete enterprise connectivity for centralized distribution

RTConnect

Benefit from seamless distribution and automated reservation delivery

RTConnect offers 2-way XML distribution capability with multiple hotel technology and channel partners. It helps transmit room rates, inventory allocation and reservation data seamlessly between third party vendors and the hotel's PMS keeping you informed of your inventory status at all times.

e-Distribution Gateway for Hotel Chains & Groups

OTA/HTNG compliant XML integration

Seamless connectivity to third-party distribution channels including OTA, Tour Operators & Wholesalers

System enhancements and evolution all delivered via Software-as-a-Service (SaaS)

For Hotels

Automate your distribution process to match supply with relevant demand, and maximize revenue for each room sold. Manage multiple hotel properties centrally.

ARI Services

Real-time pricing and availability pushed into multiple sales channels for different properties from single platform

Booking Delivery Services

100% reservation delivery between connected sales channels to the CRS/PMS including booking confirmations, modification and rebooking

Allocation Management Services

Supports Allocation, Free Sell, Last Room Availability (LRA) and Weights to maximize yield by right product positioning

For Technology Partners (PMS/CRS)

Deliver integrated services to your hotel clients by partnering with eRevMax. Leverage our demand partner network to offer an 'off-the-shelf' distribution solution to your hotel clients, without having to spend considerable resources in creating and maintaining these channel connections.

Real-time Availability, Rate & Inventory update

Provide hotels with a central repository of online transactions/inventory & rate management

Decrease server load

Reduce traffic on CRS/PMS as shopping takes place on upstream systems

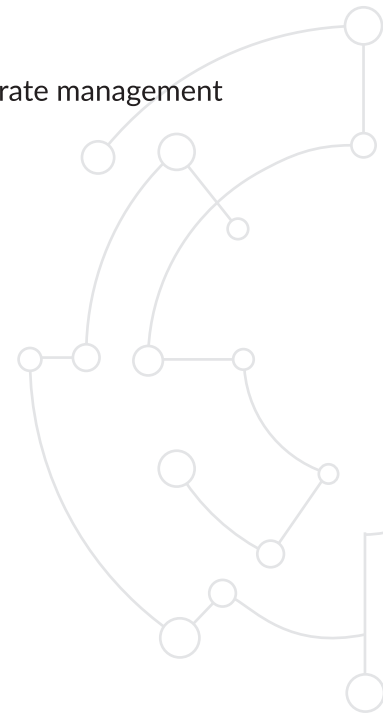

Cost Effective

Eliminate switch processing fees for major OTAs

Add more channels

Gain access to 'hard to get' distribution channels

For Demand Partners (OTAs/Wholesalers)

Partner with eRevMax to get access to thousands of our hotel customers. Join the eRevMax Channel Ecosystem today to become a certified 2-way XML partner for seamless rate, inventory and reservation updates.

Inventory Expansion

Add more inventory to your channel by reaching out to a wide range of suppliers

Improve Booking Conversion

Real-time pricing and availability updates to your channel for maximizing yield

Eliminate Overbooking

Direct reservation flow from channel to hotel PMS to eliminate chances of overbookings

Hotel System Accessibility

Easy access to leading hotel systems without having to integrate with them one-on-one
